

Spokesperson Profile

DR. JUDY RIVERA-HALAGO

Medical Operations Director

Halcyon Health Network, Inc.

Judy Rivera-Halago, MD is primarily known for her 20 years of leadership in maritime medicine and occupational health.

She currently serves as the Medical Operations Director at Halcyon Health Network, Inc. (formerly Halcyon Marine Healthcare Systems), a leading provider of medical services for seafarers in the Philippines. In her capacity, she oversees clinical operations, ensuring that medical assessments for Filipino seafarers meet local and international maritime standards.

She is an accredited medical practitioner for various international maritime registries, such as the Liberian Registry, PANAMA, Maritime and Coastguard Agency (MCA), and the Norwegian, OEUK, German, Belgian, Malaysian, and the Netherlands registries, and is recognized by the Maritime Industry Authority (MARINA) in the Philippines.

She specializes in Pre-Employment Medical Examinations (PEME), which are critical for ensuring the fitness of sea-based overseas Filipino workers (OFWs).

Dr. Rivera-Halago's work is vital to the Philippine shipping industry. She is often involved in high-level initiatives aimed at improving the health and wellness of crew members at sea, collaborating with international Protection and Indemnity (P&I) clubs to reduce medical claims through better preventative care and rigorous screening.
